PEI Board of Directors

We currently have two openings on PEI's Board of Directors. The following candidates are running for the board. You may vote for two candidates.

Erin Cook

I will begin my 12th year teaching at my Pleasantville High School this fall with special education. This is the same school that I graduated from, as did my husband, my parents, and that my kids attend. I am also involved with the FFA, student council, and MTSS at PHS. I graduated from Iowa State University with an agricultural education endorsement, and later from Morningside College with my Masters of Ed with a special education endorsement. I am passionate about preparing students for life after high school.

My husband Todd, and children Jake and Emmy, reside on an acreage outside of Pleasantville with our horses and dogs. We are active in following the kids' athletics, 4-H/FFA, and with our church.

This will be my 10th year as a PEI member, and I would like to be on the board to provide perspective from a rural high school.

Mary K. Overholtzer

With your support, I wish to continue as a member of the Professional Educators of Iowa board of directors. I am presently working as an at-risk teacher, 504 coordinator, and instructional coach at the East Union School District in Afton, Iowa. As a K-12 educator for 33 years, a member of PEI since 2001, and PEI board member since 2013, I have a good understanding of a board member's role when it comes to supporting the PEI staff and vision.

I am in agreement with PEI when it comes to the privilege of Right-to-Work, character education, local control, and reaching consensus through free and open discussion. With support from PEI, I have been a speaker, teacher, and supporter for PEI's professional development classes in "Ethical Educators" and at their August trainings. I have also worked at the PEI state fair booth. This is due, in part, to my work as a PEI board member and while presently serving as chairperson on the Iowa Board of Educational Examiners. I have become familiar with state statutes, rules, standards, and ethics that are upheld within the teaching profession. As a certified teacher, administrator and coach- I am familiar with the pressures of coaches, para-educators, educators, and administrators. I have first hand knowledge of the great support that PEI provides for the professionals. I have a willingness to contact senators and representatives when it comes to education issues and being a liaison for Professional Educators of Iowa-as a board member. Thank you for your consideration and support.
