

PEI Silent Auction: Last Call!

BID NOW

We are on pace to set a record!
Thank you so much for the wave of participation we have seen this year.

Even bidding on items you don't ultimately win helps push up the total and generate funds for teachers and scholarships. You can check out dozens of amazing items and place your bids now through August 10 at 11:45PM. Time is running out!

Go check it out at

Thank you for helping PEI Foundation continue providing scholarships and resources for current and future educators!

Important new guidance document from Iowa Department of Education: Violence against teachers.

See New Guidance

The Department of Education has put out new guidance on the implementation of [SF 2428](#). This was the bill that gives teachers the right to remove violent and disruptive students from their classroom. Educators at Professional Educators of Iowa were instrumental in pushing this new policy. However, passing the law is only half the battle. We want to see the policy implemented with fidelity. As always the devil is in the detail. Please review this guidance and feel free to reach out to our staff attorney if you have any questions.
